

RAM 1500 LARAMIE

5-SEAT CREW CAB

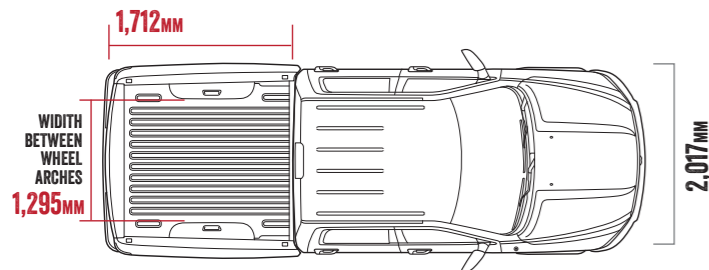

4.5T **5.7 V8** **5'7"**
MAX BRAKED **LITRE** **ENGINE** **TUB**
TOWING **HEMI**

556NM **4x4** **291KW**
MAX TORQUE **READY** **MAX POWER**

Boasting a cabin that's fit for a king, inside and out, the RAM 1500 Laramie crew cab is the exact same cabin that is used on the heavy duty RAM 2500. No corners have been cut, no sacrifices made. Just the biggest and best cab now made available on the RAM 1500 Pickup Truck.

5,817mm
VEHICLE LENGTH

*Maximum braked towing capacity is subject to regulatory requirements and vehicle weight restrictions (which may require occupants and/or luggage to be restricted). #Payload and Kerb weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Kerb weight includes the vehicle with a full tank of fuel and all standard equipment, excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload. ^Warranty terms, conditions and exclusions apply. All the information in this document is correct at time of publication however variations may occur from time to time and American Special Vehicles Pty Ltd insofar as is permitted by law to do so shall not be liable in any way as a result of any reliance by any person on anything contained in this document. This publication is dated December 2018 and relates to model year 2018 vehicles.
